"The Fourteenth street-Eastern District route." Mayor Hylan went on. "which goes through my section of the city, was passed by this board when McAneny was a member of it. The elevated section of it was fought then and we are fighting it now. The people of tha. section do not wan: an elevated structure, they want a subway. McAneny says the city haan't got the money to build the extension as a subway, but we are prepared to vote the money if the subway can be changed. Appealing to former Alderman Charles II. Haubert, leader of the Bushwick delegation, the Mayor asked:

"Jow, do you want us to approve this contract or to send it back to McAneny?"

Aneny?"
"Lack to McAneny!" was the answering chorus of the Brooklynites.
The Haubert suroduced Father James McMann, pastor of the Church of Our L. dy of Lourdes, who declared an elevated line would seriously injure the neighborhood. His church had built a parochial school at a cost of \$300,000 which would be ruined for school purposes by the noise of an elevated railtond. The priest aroused another outburst when he said: "Brooklyn has been called the city of churches and cemeteries, but I want to tell you that not all the people in Brooklyn are dead one?"

WOMAN DELIBERATELY KILLED BY AUTOMOBILE

Struck Wantonly, Says Police-man, in West 71st Street.

A well dressed woman, about 50, with gray hair, was knocked down and killed last night by an automobile at Seventy-first street and West End avenue. Cornelius McLaughlin, a special policeman, saw the woman start to cross the street. A Hudson coupe swung out of Seventy-second street at a moderate rate of speed and, according to McLaughlin, made no attempt to avoid hitting the woman, who was knocked fifteen feet by the impact. The car did not stop. Patrolman Cray took the woman in a taxicab to Rossevelt Hospital, where it was said she had been killed instantly. She wore a blue dress, a gray overcoat, a brown straw hat with a white edge and a turquoise ring. Her
